HISTORY: The League of Women Voters was conceived in St. Louis, the last week of March 1919, at the convention of the National American Woman's Suffrage Association. During her keynote address to the convention, Carrie Chapman Catt, president of the Association, called for a "league of women voters as a memorial to suffrage pioneers." On the day after the convention adjourned, the Missouri and St. Louis suffragists met to plan the organization of an interim League. At an October 1919 convention, the Missouri League of Women Voters was formally born. The following March (1920) the national League was officially organized in Chicago. Its principal aim was to help the newly enfranchised women to become politically responsible, educated voting citizens. At the 1974 national League convention, the delegates voted to welcome men to full voting membership.

LOCAL HISTORY: The Kansas City LWV was formed in 1920 by Mrs. A. Ross Hill out of the local KC Women's Suffrage League which was organized in 1910. The League has a strong history of opposing the Pendergast regime, working hard on the Non-Partisan Court Plan and studying local issues. The Raytown LWV was formed in 1954 and disbanded in 1981 with local members joining the Independence League. The Independence League was born in May 1959 and was instrumental in the passage of the Independence City Charter with a City Manager. In 1997 the Independence League was renamed LWV Eastern Jackson County to better reflect its membership. In 1966 the local Leagues of Jackson County formed a County Council to handle study and action on a county level. In 1972 the Council was transformed into the Council of the LWV of Jackson, Clay and Platte or Tri-County League. The purpose of this Council was to provide the League with the ability to deal with governmental issues which are metropolitan in scope. It disbanded in 1982. Lee's Summit also had a LWV but due to a change in times and declining membership they disbanded and interested parties joined the Independence League in 1982. In 2004 the Eastern Jackson County League and the KC League merged and was renamed the LWV of Kansas City, Jackson, Clay & Platte Counties.

PURPOSE AND POLICY: The League of Women Voters, a nonpartisan organization, promotes political responsibility through informed and active participation of citizens in government. The LWV has a well-established process for studying selected governmental issues at the national, state and local levels. The League may, in the public interest, decide to take action on an issue which has been studied and on which consensus has been reached. These actions are taken within the boundaries of the Principles of the League of Women Voters of the United States. In its efforts to remain nonpartisan the League never supports or opposes any political party or candidate.

Through its Voter Service activities, the League provides nonpartisan information on the structure and functions of government, political parties, voting procedures, election issues, and candidates. The League works actively

to register new voters including youth who have reached voting age and new citizens.

PRINCIPLES: The League of Women Voters believes in representative government and in the individual liberties established in the Constitution of the United States.

The League of Women Voters believes that democratic government depends upon the informed and active participation of its citizens and requires that governmental bodies protect the citizen's right to know by giving adequate notice of proposed actions, holding open meetings, and making public records.

The League of Women Voters believes that every citizen should be protected in the right to vote; that every person should have access to free public education that provides equal opportunity for all; and that no person or group should suffer legal, economic or administrative discrimination.

The League is deeply concerned about issues that are affecting our democracy including voter suppression through voter ID laws, the need to curtail the vast and growing amounts of money spent on political campaigns and the need to strengthen ethical standards for elected officials.

The League of Women Voters believes that efficient and economical government requires competent personnel, the clear assignment of responsibility, adequate financing and coordination among the different agencies and levels of government.

The League of Women Voters believes that government should be responsive to the will of the people and should maintain an equitable and flexible system of taxation, promote the conservation and development of natural resources and the environment in the public interest, share in the solution of economic and social problems that affect the general welfare, promote a sound economy and adopt domestic policies that facilitate the solution of international problems.

The League of Women Voters believes that cooperation with other nations is essential in the search for solutions to world problems. The development of international organization and international law is imperative in the promotion of world peace.

NON-PARTISANSHIP POLICY: The League of Women Voters never supports or opposes any political party or candidate for elective office. Individual League members may, and are encouraged to run for elective office, and to work actively for political parties, except for members of any League Board of Directors. In the event a local Board member anticipates political activity, it shall be reviewed and acted upon by the local Board on the basis of the policy guidelines set forth in the publication *League Basics*. Certain

sensitive off-board positions may be similarly affected by political activity. Non-Board members of the LWV, as private individuals are encouraged to participate fully in the party and political activities of their choice.

DIVERSITY :(adopted in 2008) The League of Women Voters of Kansas City Jackson/Clay/Platte counties, in both its values and practices, is committed to inclusion and diversity. This means that there shall be no barriers to participation in any activity of the League on the basis of economic position, gender, race, creed, age, sexual orientation, national origin, or disability. We recognize that diverse perspectives are important and necessary for responsible and representative decision making. We believe inclusiveness enhances the organization's ability to respond more effectively to changing conditions and needs. We affirm our commitment to reflecting the diversity of the Kansas City area.

CONSENSUS: Policies and positions of the LWV are made through a consensus development process. Consensus in the League means agreement reached among a substantial number of members after sustained study and group discussion. It is not just a simple majority or necessarily unanimity. Consensus within a group which is meeting for discussion is the "sense of the meeting". It comes after study of the facts and free discussion, in which expression of all points of view has been encouraged and the views of the minority considered, as well as those of the majority. It is expressed in terms of board objectives. If a state or national issue is under study/consensus, the local board then sends their consensus to their state or national office, where the officers on the appropriate level consider constituent leagues' consensus material to arrive at a position on which to take action. Further details on LWVUS positions and action is found in the publication *Impact on Issues - A guide to Public Policy Positions* at www.lwv.org and LWVMO positions and action is found in *Guide to State Action* www.lwvmissouri.org These guides emphasize the importance of a partnership at all League levels in order to achieve League objectives.

CONCURRENCE: According to the LWVUS handbook *League Basics*, concurrence is the act of agreeing with – or concurring with –a statement or position. A decision-making technique used by the League for some time, concurrence can work in several ways. Groups of League members or League Boards can concur with 1) recommendations of a resource committee or a committee or a unit group; 2) decision statements formulated by League Boards; or 3) positions reached by another League or Leagues.

As a general rule, background materials presenting the pros and cons of the issue being considered are provided to Leagues and members in the concurrence process. In area Leagues, an issue relating to one jurisdiction is often studied by members living in that jurisdiction, and, after member agreement has been reached by those members, the other members are asked to concur with the results.

DISAGREEMENT WITH CERTAIN LEAGUE POSITIONS: Individuals may not agree with certain League positions. League asks that members do not oppose the issue publicly in the name of the League. However, members are free to express opinions as individuals.

MEMBERSHIP: Membership in the League of Women Voters is open to everyone who subscribes to the purpose and policy of the League.

- Persons at least 16 years of age who join the League are voting members of the Local LWV, LWVMO & LWVUS.
- Those who have been members for 50 years or more shall be life members and excused from paying dues.

There are about 100,000 members of the League in the United States. There are Leagues in every state, Puerto Rico, the Virgin Islands and Guam. At present there are 8 Leagues in Missouri. Metro St. Louis, SW Missouri, SE Missouri, Sedalia/Pettis county, Moberly/Randolph County, Mexico/Audrain County, Kansas City, Jackson, Clay & Platte Counties, Columbia/Boone County.

MEMBERSHIP MEETINGS: The LWVKC/J/C/P, unless otherwise decided and announced, holds a monthly meeting on the third Saturday. The doors open at 9:30 a.m., with coffee and conversation; the meeting and program begin at 10:00 a.m. and ends at 11:30 a.m. Information about meetings will be posted at www.lwvkc.org and printed in the Voter. The LWVKC/J/C/P has a rich history of speakers at our meetings. In recent years these have ranged from environmental issues, money in politics, access to health care and related reform, local and regional ballot issues, violence in our community, journalism and electoral politics. All meetings are open to the public.

MEMBER INVOLVEMENT: All members of the LWVKC/J/C/P are encouraged to be involved in the League's work. This can range from serving on an ad hoc committee or group to address a single issue or need, to heading a group (e.g. Voter Registration) and taking on a significant coordinating function, to serving on the Board. Help is always needed in the following areas: Voter Registration, Forums, Fundraising, and Voters' Guide, arranging for speakers for meetings or helping with refreshments. Please contact either of the Co-Presidents of our League identified at the beginning of this handbook.

FUNDING: Part of the League's financial support comes from members and friends and businesses that support the educational work the League does. The LWV of KC/JCP is a non-profit, 501(c)(3) organization. Contributions made to us are tax deductible to the contributor if they itemize on their tax return. The LWV is also directly supported by membership dues (\$60 individual, \$90 Household, \$8 Student), gifts (will/estates), foundation grants, fund-raisers and corporate & union contributions.

THE FOLLOWING ARE SUMMARIES OF POSITIONS/POLICIES ADOPTED BY THE THREE LEVELS OF THE LEAGUE OF WOMEN VOTERS (NATIONAL, STATE, LOCAL) WITHIN WHICH LEAGUES, INCLUDING OURS, MAY TAKE ACTION.

THE LEAGUE OF WOMEN VOTERS OF KC/J/C/P POSITIONS IN BRIEF (adopted April 2004)

EDUCATION

Kansas City: Support of adequate local tax levies to provide optimum education systems for the school districts within the Kansas City limits. The following criteria should be used to evaluate the adequacy of proposed tax levels:

1. Retention or improvement of the districts state classification.
2. Competitive teacher’s salaries among the twelve Kansas City, MO districts.

1. Support open meetings of the school board for the purpose of informing and soliciting public opinion, and encouraging the public to attend these meetings. (1971)

CITY POSITIONS

Kansas City: Human Resources – Currently (3-1-04) the functions delineated below are performed or monitored by the City’s Human Relations Department. There is no Human Relations Commission now; however a Human Rights Commission (HRC) has the task of responding to all issues of bias although it has no enforcement power.) (Consensus 1966)

Support of equality of opportunity in public accommodations and housing. The Kansas City fair housing ordinance should include these provisions:

1. Coverage of all dwellings except rental units in one-family or two-family owner occupied structures.

7. The principle of ascending fines for second violations should be part of the housing ordinance.

8. A program of public education should be instituted by the Human Relations Commission, with a sufficient budget.

City Government

4. Consideration should be given to methods for strengthening the policy making leadership role of the mayor.

Support of the following City Charter Changes: (Consensus 1972)

2. **Procedures:** The League would like to see the format of the Proposed Budget and the Financial Report coordinated to facilitate citizen comparison and comprehension as well as meeting accounting and city finance principles. The League would also like to have significant changes in the budget from the preceding year noted and fully described in the proposed budget.
3. **Revenue:** The League supports a reduction of the utility tax. When taxes are justified to the public, based on an emergency and earmarked for a specific use, the League supports a sunset clause tied to their adoption. The League supports bond issues for needed capital improvements.
